No. 18

AROUND the TOWNSHIP

A meeting of the town hall type, that ancient, but still potent open forum gathering that has been the birthplace of innumerable worthwhile community projects—soon is to be called at Newark by the Boosters Club.

Purpose of the meeting has been authoritatively stated to be to acquaint the citizens of Newark with the program for community betterment already undertaken by the Boosters and to enlist them in further promoting the civic welfare.

Yes, sir, it is to be "Town Hall Tonight" at Newark and time alone can measure the great general good to come of it.

A good many residents of Washington Township among the 3,000 that witnessed the spectacular parade staged by Washington Union High School last week got a new perspective on our union high school.

Four objectives of the training the children are receiving were stated on leaflets distributed during the parade as follows: Personal growth and development, getting along with other people, making a living and assuming civic responsibility. Doesn't sound much like the old fashioned routine of the little red school house, does it?

We were told also of the following increases during the past nine years: Attendance increase from 361 to 636; home making class, from 63 to 250; art, 38 to 115; agriculture from nothing to 118; shop from 253 to 302; science from 124 to 171; commercial from 251 to 500.

In addition to regular high school and college preparatory courses activities include student government, publications, dramatics, debates, camera, hiking and naturalists clubs and student organizations offering social and executive training. Congratulations to the two A's, Al Rathbone, principal and Al Morse, chairman for the parade.

The Country Club of Washington Township has a way of making history as well as recording it. For instance, the last time the General Federation of Women's Clubs met in California it was entertained at Mission San Jose by the local club. Now 28 years afterwards, a group of township women will wear 49'er costumes and take part in the pageant, "Glorious California" to be presented at the General Federation program in San Francisco on May 8.

These costumes were worn at Angels Camp district meeting last year and made quite a hit. Those to take part in May are Mrs. F. T. Dusterberry, Mrs. Martenstein, Mrs. E. Ellsworth, Mrs. Alexander, Mrs. Walpert, Mrs. Mette, Mrs. John Galvin, Mrs. Gould and Mrs. George Bonde. Mrs. Roland Bendel will take part in the program also.

The pageant was written by Mrs. William Foster of Berkeley, the only Alameda County woman to be a chairman in the General Federation. She heads the national dramatics department.

SCHOOL CHILDREN HOLD MAYPOLE DANCE

Scout Camporette Held Over Week End At Castro Valley

Ezra Decoto, former Alameda County District Attorney delivered an address on "Early Alameda County History" at the campfire program for the Southern Alameda County Camporette at the old Castro Valley Grammar School Saturday night.

More than 250 Boy Scouts from 27 Southern Alameda County troops participated in the affair, which is a preliminary to the Oakland camporee to be held May 20 and 21, at Eastshore Park, Oakland.

The camporette opened Saturday afternoon with a parade of all Boy Scout participants from the Castro Valley School to the camp site. Registration was held between 12 and 2 o'clock and camp set up during the afternoon.

Demonstrations of Scout camp craft activities were made by the Scouts during the afternoon and the following day. Scout patrols were judged by Scout leaders from Southern Division troops.

The Flying Eagle patrol of Irvington Troop No. 1, placed as one of the five highest of the 13 patrols participating. Other patrols which qualified by attaining 850 points out of a possible 1120 in campcraft activities included Flaming Arrow, Centerville Troop No. 1.

A district camporette will be held at Centerville, according to announcement by Guy Harts, division commissioner, for those troops which could not attend the Castro Valley camp. The Niles troop will camp at the Niles Boy Scout House this week end to qualify.

Makelin was charged with forcing his attentions on an 18 year old Japanese girl in Irvington and was said to have asked her family to "shoot" him when they prevented his seeing the girl.

Although he had talked to her only once before, he said he wanted to marry the girl.

REVELRY BY THE PACIFIC

It began years ago, with the Pasadena Tournament of Roses, with the Santa Barbara Fiesta, and with the early sprinkling of fairs and rodeos and shows that today are a tradition of year round California revelry. Today the ball of California fun rolls faster. Fifteen northern counties join to promote a pageant of color in the Sacramento-Golden Empire Centennial—reliving the romance of General Sutter, James Marshall, Kit Carson, General Fremont, Mark Twain and other California immortals.

In San Francisco, growing from dedication of the two great bridges, continuing with the International Exposition, plans are now afoot for a permanent annual celebration of all Bay counties akin to the rip-roaring Exposition premiere, when all Central California went Wild West in costume and spirit.

All over the State the spirit grows. A good habit! A habit of fun for Californians, for visitors—and a habit of prosperity. Summer and winter, California is climatically and scenically alluring. Furthermore, tourist dollars are new dollars, helping to build the California our tourists enjoy. Fun is good advertising. New Orleans' Mardi Gras has given citizens of that city pleasure and brought tourist-dollar prosperity. Let's expand our tradition—in Southern, Central and Northern California, for fun programs in all years to come. Let's make a tradition of the theme that there is Revelry by the Pacific!

TELEPHONE HAND SET CHARGE CANCELED ON FIRST OF JULY

N. R. Powley, president of the Pacific Telephone and Telegraph Company, announced today that the company would meet the request of the California Railroad Commission that the additional hand set charge in its exchanges in California be discontinued effective with bills issued to subscribers on and after July 1, 1939.

"Discontinuing this charge in our California exchanges," stated Powley, "will mean a reduction in annual gross revenues of about \$250,000. In addition, our capital and other expenditures will be increased substantially because the change will result in the premature retirement of many thousands of telephones of the portable desk set type and the purchase of thousands of additional telephones of the hand set type. "We estimate," stated Powley, "that the cost of the additional hand sets to be purchased will amount to not less than \$450,000."

"The hand set charge has been reduced from time to time and the monthly charge is now only 10c for 12 months of continuous service."

"While it would be most helpful to the company in meeting its present responsibilities to retain this revenue and not incur the increase in capital costs and other expenditures, we desire to avoid a formal and costly rate procedure in this matter."
